

# LASER FUNK

**Laser Funk** is a new and exciting show that combines the power of live drums, saxophone and trumpet with state of the art laser effects and costumes to produce a world class entertainment experience.

Featuring 3 musicians and 16 lasers, the show surrounds the audience in a mesmerising audiovisual spectacular with lasers being triggered on stage by the live instruments. The show can be tailored for themed events, conferences, product launches and virtually any special event requiring the WOW factor through the use of laser logos, animated graphics, reveal options and live music.
